- No unmet needs or requests of the region

Resources

- CAL FIRE ground resources assigned
- [Cal OES Fire and Rescue Assistant Chief has been released from the Incident.](#)
- Ventura County OES Duty Officer on scene at ICP

SITUATION SUMMARY

Gas Outage, Discovery Bay, Contra Costa County

PG&E is experiencing a service disruption in the gas facilities that serve 6,200 customers in Discovery Bay. In order to make the needed repairs they had to temporarily suspend gas service to some customers in the Discovery Bay area. They are working to restore gas service safely and as quickly as possible. Gas should be restored today.

- PG&E, Contra Costa OES and Red Cross and have opened up two warming centers, offering residents meals and a warm place to sleep:
 - Timber Point elementary school - 40 Newberry Lane in Discovery Bay, 925-809-7550
 - Discovery Bay Community Center - 1601 Discovery Bay Blvd in Discovery Bay, 925-392-4575
- PG&E gas service representatives will be going door to door in some locations this morning, asking customers for access to their property to conduct pilot light tests.
- Contra Costa OES did not activate their EOC. They monitored the situation and worked with ARC and PG&E to open the warming centers. They did not request any state assistance.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- Light snow could potentially impact the Northern Valley (including Redding) and many Sierra foothill communities. This system will have limited moisture, and only a dusting up to 4" of snow will be possible. Valley rain will generally be under a tenth of an inch.
- Santa Ana wind conditions are expected Wednesday through Sunday for portions of Southern California.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

High pressure will build into the area today and any lingering showers will dissipate through the day and persist through Tuesday. Another system will bring a brief period of rain and mountain snow Tuesday night and Wednesday before high pressure returns for the remainder of the week.

Medford Weather:

Very light precipitation into this evening mainly early this morning then another period of light precipitation is expected Tuesday night.

Reno Weather:

A cold low pressure system will bring snow showers today. A second system may produce light snow on Wednesday for areas north of Susanville and Lovelock. Valley inversions will develop late this week as high pressure builds overhead. Systems may begin to undercut the upper ridge early next week for renewed chances of precipitation.

San Francisco Weather:

A weak weather system will bring light rain to much of our region early today. Dry weather conditions will return this afternoon. Dry weather will then persist through the end of the week including New Years Eve and New Years Day.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

A cold weather system with low snow levels but limited moisture will impact interior Northern California today. Another weak system Tuesday night into Wednesday, otherwise mainly dry weather for the week ahead.

Hanford Weather:

A weather disturbance will bring an increase of clouds and precipitation to Central California today. The best chances for precipitation will be in the Northern Sierra Nevada with scattered showers and breezy conditions elsewhere. Dry conditions will return to the region on Tuesday.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A weak cold front will cross the region today with a chance of a shower or two. Then it will be clear and locally breezy for the rest of the week.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

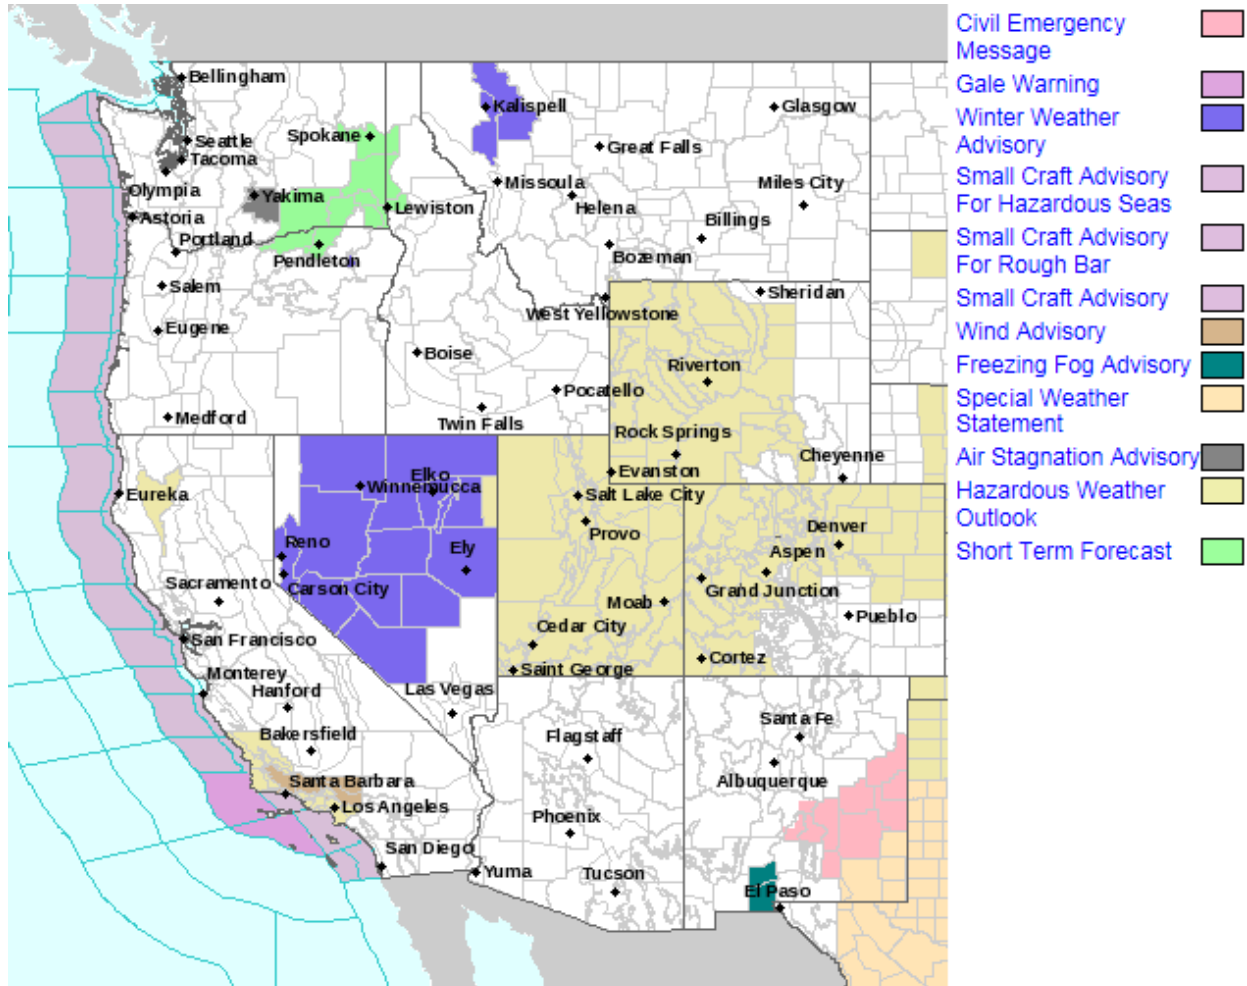

A cold low pressure system from the northwest will bring a period of showers mainly during the afternoon and evening and locally gusty West winds in the mountains and deserts. For Tuesday through Thursday dry with a gradual warming trend to a little below average along with periods of mostly weak offshore flow; slightly cooler for Friday and Saturday then a little warmer for Sunday. A stronger and very wet pacific storm system is possible late Sunday night and Monday.

Southeast California Weather:

A fast moving area of low pressure will move through the area tonight bringing a chance of showers to some lower desert locations early Tuesday morning. Cold air will follow this trough with another round of near-freezing temperatures possible in the normally colder outlying areas Wednesday morning. A gradual warming trend is forecast from mid-week onward.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New/Ongoing Cal OES Missions

- **2015-LAW-20670 12/27/15, 1230 hrs.**, The Nevada County Sheriff's Office (NCSO) requested SAR resources to assist in the search for a 76 year old male missing since 12/15/15 in the Grass Valley area. The MP's vehicle was located in a church parking lot, which will also act as the ICP. The request is for 50 Type II Ground Searchers, 10 HRD-C1 K-9's. The Cal OES Law Branch is coordinating the K-9 request. The ground searchers were coordinated through El Dorado S.O., Placer S.O., and Sacramento S.O. All mutual aid resources are requested to report at the ICP on Tuesday, 12/29 at 0800 hrs. for a briefing. **Mission Ongoing**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
